Open-ended feedback:

- Got me to thinking more about this topic.
• Very well planned, enjoyable, good information that reinforces what I already do (and gives me some new ideas).
• This was a good workshop. Maybe focus more time on what we can do to stop or prevent cheating rather than the scare factors.
• The session was better than the description! I like the idea with trust (empowering trust means a lot)!
• I loved your PowerPoints in both sessions!
• Simple recommendation, when asking us to give a guess on the % of something, give us multiple choice just to facilitate discussion.
