Broadcast Results Broadcast Results Answers (17) Lots of good information. it was very practical! and pulled no punches about what needs to happen at a institutional level Informative and fun! Excellent faciltation of discussion among participants. very useful with lots of practical ideas and thoughts to think about. It was clear why were discussing the scope and supportive in looking through the holistic approach emphasized. Session was well developed and offered ample opportunities for engagement (re: questions and comments). It had a lot of good information The content was great. The faciliation was well-done. We look forward to doing the activity. Good information, but about 30 minutes too long Very well executed by presenters. Content was applicable. We liked how there were three concrete concepts to focus on (3 I's). I appreciated the holistic perspective expressed by the presenters, and how they encourage use to develop evaluation tools relevant to our institutional context. I also appreciated the interaction with participants in the chat box.	Why did you rate today's course session as you did above?			
Answers (17) Lots of good information. it was very practical! and pulled no punches about what needs to happen at a institutional level Informative and fun! Excellent faciltation of discussion among participants. very useful with lots of practical ideas and thoughts to think about. It was clear why were discussing the scope and supportive in looking through the holistic approach emphasized. Session was well developed and offered ample opportunities for engagement (re: questions and comments). It had a lot of good information to consider as we move forward in this process. Nice breakdown of information The content was great. The faciliation was well-done. We look forward to doing the activity. Good information, but about 30 minutes too long Very well executed by presenters. Content was applicable. We liked how there were three concrete concepts to focus on (3 1's). I appreciated the holistic perspective expressed by the presenters, and how they encourage use to develop evaluation tools relevant to our institutional context. I also appreciated the interaction with participants in the chat box.	Type your answer here
