- 1+
- Consider how your design could be more visually accessible—especially the menu document. Perhaps blue instead of red print. Red is very inaccessible.
- Creative ideas! Love your enthusiasm!
- Energetic. Realistic. Informative. Thank you.
- Gave me some good ideas.
- Great combo of humor & practical advice.
- Great lecturer! Thanks.
- Helpful—mobile learning is still limited by areas of coverage.
- I think I heard the same presentation by Dr. Tobin at a previous conference. I would have liked to have some new ideas. [Tom’s note: this was brand-new content specifically for CAST]
- I was not sure what to expect. This session will help address multiple challenges in my place of work.
- Loved “+1.”
- Refreshing take on UDL!
- Thank you for the practical strategies that I can implement next week!
- Thanks for simple deliverables.
- Thanks! Good stuff.
- The Force is strong with this one!—the UDL Force!
- Too many “stories.”
