5. In a few words, share your over-all impression of this workshop.

- A monologue with preset questions and responses.
- Engaging & helpful. Great presentation.
- Entertaining, predictable, well rehearsed, only the choir would sing this song.
- Great refresher on UDL! Wonderful starting steps for faculty!
- I enjoyed the workshop. It kept my attention.
- I learned a few things that I can do to help incorporate UDL—I appreciate learning just a few things to retain.
- I was inspired to add additional UDL techniques.
- I'd like more in-depth examples. This is our second UDL workshop.
- Overall, very good session. As a note, phrasing for non-academic engagement is outdated (student services, IT, dormitory, etc.) and took me out of presentation every time.
- Thanks for this. I loved the Star Wars examples—great for explaining to people.
- This was a fantastic workshop. Many of these techniques and concepts will help the library continue to expand our partnerships w/faculty. We are also walking out with some great ideas for service & web site assessment. Thank you!
- Too much Star Wars.
- Very good presentation with useful information and techniques that can be incorporated into course preparation.
