Getting copyrighted

I can not find any changes made.

Information went too fast; such a fast paced session should have materials to skim beforehand.

Timely and Meaningful Feedback

A topic on new cool innovative and transformative strategies for gen-Ed stem-based teaching lab courses that go beyond the current traditional models and teaches across and within the disciplines.

His teaching and exam method is great. I use it since 1999

More workshops on teaching, leadership and grant writing.

Instilling the growth mindset in students
