Dear Dr. Tobin

We would like to express our gratitude to you for providing the talk, *Secrets of Universal Design for Learning*, to our Rowan University faculty and staff at our UDL Festival on April 21, 2023. The strong attendance and engagement across academic colleges and departments within our community is a testament to your impact as a scholar. We appreciate you sharing your research and experiences and spurring critical dialogue around UDL within our education community.

Best regards,

Brie, Amy, Kelly, Whitney, & Cory
