University of Texas at Tyler: CETL Speaker Series
Tobin, "Reach Everyone and Teach Everyone with UDL"
**September 14, 2023**

Participant Rating Results

Attendance: 14   **Respondents:** 5

Please indicate your level of agreement with the following statements.

1. The information presented in this webinar was helpful.
2. The presenter was knowledgeable about the subject.
3. I can implement something from this webinar in my own professional practices.

5. In a few words, share your over-all impression of the webinar:

- +1 strategy
- Dr. Tobin is an excellent speaker and I look forward to implementing some of his suggestions for UDL.
- I liked that he presented with a vision impaired person in mind. I loved to see that modeled.
- The interactive style of presentation allowed time for processing of information and planning for implementation.
- The need to better address student learning by incorporating a variety of options will help students learn and submit assignments according to their preferred modes of learning.
