

**1. How satisfied were you with today’s Learning Lab session?**

**2. Why did you rate today’s Learning Lab session as you did above?**

- Brilliant! Thank you for a great overview and looking forward to the upcoming sessions.
- Good length, right amount of info, and engaging!
- Great overview with a refresher to get us thinking about course improvements.
- Great overview.
- I felt this was a really good introduction to the learning lab and UDL. I was feeling fairly intimidated before this, but feel much more at ease now.
- I learned quite a bit already and it was really interactive!
- I thought it was very engaging and informative.
- It laid the foundation very nicely for participants with different levels of expertise and challenges assumptions.
- It models the UDL itself! I felt included and comfortable to participate in ways that were best for me. :)
- It was helpful. I know some of the information already, but I enjoyed the way it was presented.
- It was welcoming, and what one might expect.
- Looking forward to the rest of the materials.
- Not too overwhelming but got some good tidbits. I feel like I know what I need to do next.
- Teaching by doing. Too often, I attend webinars where we’re told what to do but it’s not demonstrated by session leaders. Thank you!
- The session was engaging and full of helpful information! So happy that this is my first Educause workshop!
- This was a solid introduction to the topic, which demonstrated UDL in an interactive way to really help people get used to the concept.
- Thomas Tobin...very effective and engaging. The images explained the concepts really well. Clear in delivery.
