Dear Dr. Tobin,

Thank you so much for your thoughtful email. It was a pleasure to work with you. Our faculty and staff thoroughly enjoyed the session on UDL and the customization of your presentation to our context did not go unnoticed. Your efforts to connect with our faculty and staff prior, during, and after your session were appreciated! We're thrilled to hear that you felt welcomed and had positive engagement and interactions with our participants. Your insights and practical ideas during the session have certainly sparked enthusiasm among some of our staff and faculty.

Thank you for providing your presentation files and the video. As soon as we compile the data from the surveys, I'll be sure to pass along the session ratings.

Your collaboration with our team was professional, and we look forward to future opportunities to work together. Thank you again for your time and expertise. (I appreciated your kind birthday wishes too!)

Best regards,

Maysa Safi, Ed.D
